

K-Love is a radio station provided to us here in Idaho Falls, Idaho through a FM translator service. K-Love presents a positive, moral and uplifting influence to our kids and community in the midst of negative and immoral messages provided by the secular media. K-Love isn't just about music, it sets examples through teaching, encouraging and only produces music with a positive message. K-Love is the only such station in this area and to allow K-Love to be replaced by a LPFM station would greatly contribute to the moral decline of our community. Please do not allow this to happen in Idaho Falls, Idaho. Thank you.
